

Setting the Standards in the
Natural Stone Industry

October 15, 2010

Solomon Aryeh
SMG Stone Company, Inc.
8460 San Fernando Road
Sun Valley, CA 91352

Dear Solomon:

Congratulations! You are the winner of two 2010 Pinnacle Awards of Merit!

A prestigious panel of judges selected your company's entries, "LA Live Hotel & Residence Commercial Interior and Exterior" from among a record number of high caliber entries we received this year.

We are proud to honor you with a Pinnacle Award this year! Your winning entries reflect your company's high standards and serves the entire industry by showcasing the superior quality and beauty of natural stone and the commitment to craftsmanship of MIA member firms.

We will be featuring your fine work in our annual Pinnacle Awards Showcase—in print, on posters at trade shows, on the Stone News Channel, and on our website. Winning gives you the unique opportunity to show off your work and promote your company worldwide.

Plan to be with us to accept your awards in person at the MIA Awards Luncheon on Wednesday, January 26, 2011 during StonExpo/Marmomacc Americas at Mandalay Bay in Las Vegas and join us in thanking MAPEI, the Pinnacle Awards sponsor and Marmomacc, the Grande Pinnacle Award sponsor.

An affidavit of eligibility is enclosed to certify that all of the information submitted for the 2010 MIA Pinnacle Awards competition is accurate and that all of the photographs are of the award entries. Please sign and return the affidavit to the MIA.

Sincerely,

Garis F. Distelhorst, CAE
Executive Vice President
