RE: Regency Tower Project – Riverside, CA

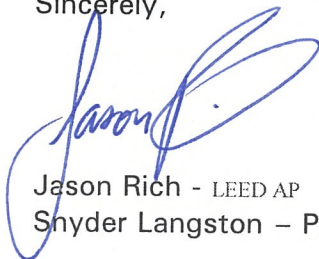

Dear Solomon:

I am sending this letter to recognize the outstanding effort and quality the entire SMG Stone Team provided on the Regency Tower project in downtown Riverside. Especially the consistent determination and attention to detail that Massood Assad and Joe Consolida showed throughout the project was a major factor in the success of the entire project.

Throughout the numerous challenges of design changes and the tight schedule, your SMG Team was able to meet and exceed every need of Snyder Langston and our client on the project. From assisting the architect with the details of the design through shop drawings to providing additional manpower and working long hours and weekends for several weeks at a time, your entire team definitely accomplished your company's mission statement of "Providing every client with quality service and expertise above and beyond their expectations."

Snyder Langston relies on subcontractors like SMG Stone to maintain our high quality standards and client relationships. I look forward to many future projects with SMG Stone. Thank you again for your team's outstanding effort and quality on the Regency Tower Project.

Sincerely,

Jason Rich - LEED AP
Snyder Langston – Project Manager
