Dear Solomon,

I wanted to take this opportunity to acknowledge SMG Stone Company for your efforts at the KFA Residence project on Nimes Rd. The procurement, fabrication and installation of the limestone process resulted in a seamless execution from start to finish. Your task for much of the scheduled timeframe was critical path, and we could not have completed this project on time without the teamwork and success of your company.

Very few stone companies (in our industry) would be able to procure, fabricate and install the large amount of stone that we required from SMG and you successfully accomplished it on time, within the budget and without sacrifice to exceptional craftsmanship. Not only were you able to maintain our very difficult schedule, but your quality of workmanship never waivered which is undeniable in the finished product.

Thank you for all your effort and the dedication of your team. I look forward to working with SMG Stone on future projects.

Sincerely,
