RE: Great Job

Dear Soloman:

I am sending this letter to thank you and your company for an excellent job on the Long Beach Pacifica Project, specifically your foreman Martin Moreno and field superintendent Joe Consolida. Both of these individuals ensured that your field team provided a high quality installation within the time frame and schedule required by the project.

Additionally, your entire team was extremely enjoyable to work with through the numerous issues and challenges that developed on this project. They made it clear that their goal was to maintain the highest customer satisfaction and they succeeded beyond expectations.

Thank you again and I look forward to working with SMG Stone on many future projects.

Sincerely,
